Cost Adjustments

In the event that adjustments are made to the District’s wholesale cost of power, charges or credits shall be made to this rate accordingly. Such charges or credits shall be billed separately as “Production Cost Adjustments.” If changes are made to the wholesale supplier’s power rate for the District, the District reserves the right to change this rate to reflect the wholesale supplier changes.

In the event that restoration costs exceed thresholds to meet financial requirements, charges or credits shall be made to this rate accordingly. Such charges or credits shall be billed separately as “Storm Recovery Adder.” The District reserves the right to change this rate to reflect restoration cost recovery.

In Lieu of Tax Charge

If the service is within the corporate limits of an incorporated town or village, the customer will be charged an additional five percent (5%) of the customer's monthly charge plus or minus any fuel and cost adjustment, since the District is required to remit this amount to the county in which the service is located.
