

An underwater scene featuring a diver in a full dry suit and mask standing on the ocean floor. The diver is surrounded by various sea creatures including a whale, a shark, a seahorse, a jellyfish, and several fish. There are also bubbles rising from the diver. The ocean floor is decorated with coral, shells, and an anchor. The text 'WATER + POWER DON'T MIX' is prominently displayed on the left side of the image.

# WATER + POWER DON'T MIX

## JUST REMEMBER:

- Keep electrical devices and cords at least 10 feet away from pools, spas, slip-n-slides and wet grass.
- Don't touch anything electrical when you are wet.
- Avoid touching electrical devices, cords and outlets when you are sweaty. Perspiration can conduct electricity.
- Don't squirt your super soaker or toss water balloons at power lines.
- Keep small appliances in your bathroom unplugged and put away if you are not using.
- If someone mixes water and electricity, call 911 and stay 10 feet away or more.

## #STAYSAFE
